Minor Changes In Football Rules

One Minute Cut From Intermissions at End of First and Third Quarters-New Duties of Officials-Game Now Safe and Playable, Thinks Committee.

New York, Feb. 3.—The intercollegiate football rules committee performed a little more surgery on the same at a meeting in New York today. With E. K. Hall of Dartmouth as chairman and Walter Camp as secretary, the committee decided that the intermissions were too long and reduced the periods between the first and second and the third and fourth quarters from three minutes to two minutes. A new rule was adopted permitting teams by agreement to transfer the supervision of offside play upon the line of scrimmage from umpire to head linesman. The linesman, however, is to report any infraction to the umpire.

Rule Against Roughness.

Another new rule adopted provides that throwing a player to the ground after the referee has declared the ball dead may be considered unnecessary roughness. An amendment was adopted allowing only three men to walk up and down the field on each side of the line. The present rule allows five men. If the ball accidentally strikes an official, another amendment provides it shall not become dead, but play shall continue.

Changing Forward Pass Penalty.

lirection" were stricken out Committee Satisfied With Game Now

After the conference Mr. Hall said:
"The reason that the committee
made so few changes is that we feel
the game has accomplished what the
new rules started out to do—the elimination of serious injuries—and that
it was now a safe and playable game.
It seemed unwise to make any changes It was now a safe and playable game. It seemed unwise to make any changes with a game that worked pretty well. after the coaches and players got the understanding of it, until we are reasonably certain in light of further experience, whether any changes are necessary and what the changes should be."

Jewett City's next basketball engagement will be on Monday evening, when the strong and fast New London five under Manager McGinley is to meet Manager Lague's Jewett City hot-foot basket shooters. The lineups will be as follows:

Jewett City—L'Heureux (capt.), Marion, Keech, Marland, Popham, Jodoin Blake,

New London—McGinley, Sullivan, Murray, Davis, Keefe (capt.) Collins, Arnold.

as strong as any team in eastern Con-necticut. Marion, the old Jewett Cityt player, will be on deck. He is one of the best players in this state and as fast as ever.

Schools in New Baseball League. Bulkeley school of New London Norwich Free academy, Stoningto High school, Windham high of Wil Imantic and Black Hall school ar limantic and Black Hall school are to be the five schools represented by delegates at the meeting in New London for the formation of an Eastern Connecticut High school baseball league. Morgan school of Clinton was also invited to make one of the new league, but declined as it already had its schedule made out. The Morgan school authorities, however, expressed interest in the formation of the league and gave the promoters to understand that they would like to join by another year.

FINANCIAL AND COMMERCIAL

SHARP REACTION AT CLOSE. Resulting in Net Losses for Many

New York, Feb. 3.—Various restraining influences prevented continuation today of the advance in prices which went on without serious interruption throughout the preceding seven days of trading on the stock exchange. Establishment of highest prices of the year quite naturally restricted buying orders, and further progress of realizing also had its effect and to a more marked degree. So many wants have been supplied by extensive profit taking in the last few days that opportunities to close out at the top were less general loday, and the active issues were under pressure much of the time. Recessions were comparatively small, however, and the ability of the market to absorb offerings and hold close to the top level gave it an appearance of underlying strength until the closing hour, when there was a sharp reaction which resulted in net losses for many of the more conspicuous stocks.

CHICAGO GRAIN MARKET.

The Roderick Colts lost a close duckpin match in this city on Friday evening to the C. B. C. duckpin team from
Westerly, coming in 36 pins behind on
total pinfall in three strings. On the
first string the Norwich team established a lead of two pins, but the Westerly duckpin men made this up and
more, too, by running up a total of 1352
to the Roderick's 1316 for the match.
For high individual three string total
three men were bunched closely, Baker
of the Rodericks and Moone of Westerly at 278, and Patridge of Westerly
at 277, but Patridge led them all for a
high single, by rolling 108. Scores:

ABE VS. BUCK FALVEY.

Spinners' A. C. Since Bill Collins is laid up for a while from active mat or ring engagements, he bas started on the managerial end for a few boxing matches. The first he has arranged are before the Spinners' A. C. of Plainfield for next Tuesday, when Abe the Newsboy will box Buck Falvey for eight rounds as the star bout, and Kid Wilkinson will go on for a six round semi-final with Young O'Brien of New York. The last named is now staying in New Lendon and has had two bouts at the Windham A. C. this season. Bill Green and Young Jack, both chocolate drops, from the local field, will box four rounds.

Bill says that he will make an at-imept to match Young Monty of Oc-cum against Manager Sharkey's col-ored fighter for a bout to be pulled off inside of a couple of weeks.

Harry Noyes to Altoona.

Harry Noyes of Hartford, the erstwhile Connecticut leaguer, who is the property of the Lawrence New England league club, has been handed to Altoona along with First Baseman Crisham for First Baseman Garrity and Outfielder Criss. Noyes could not get along with the Lawrence manager last season, spending most of his time in Hartford. The last week of the season he played with Holyoke. The Lawrence management tried to have Manager McCann of the Bridgeport club accept Noyes in trade for Cy Miller, but Gene could not see it that way. Manager Gene believes that Miller has the goods, but that he had an off season last year.

The Naval academy swimming team opened the season Saturday by defeat-ing a team from the Washington Y. M. C. A. The score was 22 to 46. Following the plan of the Springfield club, Gene McCann of Bridgeport has opened an office in the Park City, where

he will hold forth for the rest of the Capt. Larry Doyle, who played second base for the New York Nationals last season, has signed a contract with the club. In the four years Doyle has been on the team he has batted .292 and fielded .932.

Pete Wilson, the former Hartford heaver, who was the Troy club's mainstay in the box last season, was in the Collar town a few days ago and while there came to satisfactory terms with Manager Dooley.

Bert Clauss, the former Annex pitcher and the local boy whom George Cameron signed up near the end of the baseball season last year, has been sold by Owner Cameron to the Saginaw club of the Michigan state league.

Doc Kerr, who was a member of the Holyoke club several seasons, has been traded to Lancaster by Manager Heckert of Trenton. Kerr caught good ball for Trenton last season, and the fans were surprised when the deal was

John Trotwood Moore, whose writings about the pacers of Tennessee over the pen name of Trotwood have been widely read by horsemen, has immortalized the gallant old side-wheeler, Hal Pointer, 2.04 1-2, by writing his autobiography in the form of a charming novel entitled "The Gift of the Grass."

Pitcher Jenkins, who was drafted by the New York Nationals from the Pe-kin club of the Illinois-Misouri league, signed his contract with the New York Giants the other day. Jenkins was the leading twirler in the Illinois-Missouri league last season, winning 28 out of 36 games. He pitched a no-hit game against Canton on May 19.

The American Horse Breeder announces a renewal of its famous Futurity along the same liberal lines as the one of 1910. The entrance fee will be only \$1, with second payment \$3. CLOSE DUCKPIN MATCH. Social Life Of New London Firemen

Wherever Duty Calls There They Are to Be Found

HALL AISLES TO BE KEPT CLEAR

The Law to be Strictly Enforced by the Police-Observation of the Fourteenth Anniversary of the Elks -An Occasion Which Marked a Red Letter Day in the History of the Organization.

In response to an invitation of the new Northwest Hose company No. 7, all the companies of the department assisted the baby company in celestating the event that carried with it the reception of the naw and fully equipped hose wagon, the handsomest and perhaps the best in the service of the city. The result was a parade of the city of New London, a volunteer organization composed of over six hundred men, although all are not on the active list of the department, but ever ready to do fire duty. It is this body of men and influence they have that prevents a paid fire department in New London and saves the city thousands of dollars annually and without sands of dollars annually and without as good, if not better, than could be given by a paid fire department such as good, if not better, than could be size of New London. Therefore, as change from a volunteer to a paid service is not apparent and the efficients service rendered warrants the citizens in making fair appropriations for the support of the department and furnishing up-to-date equipment.

support of the department and furnishing up-to-date equipment.

True, there is a social side to the firemen's life in New London, but "where duty calls them, there you will find them," every time, and on time, at that. So just as long as the department members insist on the retention of a volunteer department it will be retained, and that point will never be insisted upon so long as the present efficiency is maintained. The night parade was a hig success and the people that lined the sidewalks as the procession passed were proud of the fire laddles and of the good service rendered. The parade, however, was in marked contrast to those that have been formerly held in the city, where every organization in the parade was headed by a band of music, the best that could be obtained. In the Thursday night parade there was but one band, a local organization known as the Standard, which furnished music sufficient for the first marching company, but that was all. There would have been other bands in the line but for the fact that the Northwest Hose company was the host of the occasion and the other companies could not with becoming grace "break up the whole procession," so to speak. The Standard band was composed in the main of union musicians, and as a union erganization would not march in a procession where there were non-union or amateur bands, that is the reason why there was but one brass band in the parade of the New London fire department Thursday night.

Lange was making his first trial at the wheel when he was arrested.

Joe Wood, the clever pitcher of the Boston Red Sox, is said to have agreed to the terms of his contract for 1911. According to Lou Criger, the veteran catcher who was with the Yankees last year, Wood has everything a pitcher needs in the way of speed and curves. Those who saw him pitch in that extra inning tie game against the Yankees on the opening day of the season in New York last year need no convincing. The trouble is that Wood was out of condition a greater part of last season and apparently was not amenable to discipline. He has promised President Taylor, however, to give up smoking cigarettes, and says he will stick to a pipe.

BITS OF BASEBALL.

Syracuse has signed First Baseman Deal and Outfielder Armbuster. Manager Zeller of Springfield has not tet given out the prize he got when he sold Eddie Harvel to Albany.

George Smith, captain of the Buffalo club for the past three years, has been signed to cover second base for Troy.

The Chicage Americans think they have a find in Pitcher Baker from the Northwestern league. He fanned 227 players last season.

Zeller wants a catcher badly and is try to trade Perkins to Albany for Catcher Porte. He is also after a-young fellow from Troy. Jack Hoey expects to play the game of his life next season. His work last year was an important factor in bringing the pennant to Waterbury.

Harry Durant says he will have absolutely nothing to do with the Waterbury team this year and that every thing will be left to McPartlin. Durant says he will bet it out of town in May and won't come back even for an exhibition game until September.

Following a bowling tournament held by the New London lodge of Elks, they have selected a team of five to roll a team from the Arcanum club of this city. The Briggeport Automobile Desiers' association has voted not to hold an automobile shew this apring. Finding a sustable lenation was the only drawback.

Since the introduction of the vaudeville and moving picture combination
shows in New London there have been
a great many occasions when the
alsles were completely blocked with
humanity and a sudden rush for the
exits, caused by fire or something of
that sort, there surely would be quite
a death rate. Public safety demands
that playhouse managers limit the sale
of admission tickets to the seating capacity, and no more. As their natural
greed for cash caused them to sell
tickets to all comers without regard
to public convenience and safety it is
about time that the New London police
authorities took cognizance of the fact
and acted accordingly.

The fourteenth anniversary of the New London lodge of Elks was observed last. Wednesday evening by a banquet at the Elks' home in Washington street, with two hundred and fifty Elks in attendance, or about one-half of the total membership of the half of the total membership of the lodge. It was a big event and its success is in the main due to the excellent management of the committee of arrangements, composed of Alderman James F. O'Leary as chairman, assisted by Thomas E. Donohue, George N. Putnam, Byron A. Fones and Tony Silva. Dr. James H. Kelley of New Haven made a very interesting speech showing the bright side of Elkdom, and James R. Nicholson of Suringfield told of the work of the grand lodge, but the rest of the talk was by home talkers.

Hail to the Chief bb the orchestra as he entered the banquet hail, and given an ovation by his brother Elks. Did he talk? After making reference to the honor it afforded him to be an Elk, he delved into some of his plans for the beautification and improvement of his native city and said in the plainest way that if the Elks and the press aided his plans would be realized and he promised that if the projects went through that in ten years New London would be so much improved that even the native born would not recognize it in comparison with its present condition. He realized that his efforts would be opposed by men who seem to be satisfied to leave New London just as it is until the angel Gabriel blows her horn.

The mayor believed it to be his duty to give the heat there was in him for

The mayor believed it to be his duty to give the best there was in him for the benefit of New London and that h-was willing to do and was doing, de-spite the opposition of people wi-should advance rather than attempt should advance rather than attempt tretard the city's progress. But like the poor, they are always with us, a probably always will be, and they will be lined up with uplifted arms are warning finger and shouting at two-lee: "Thus far thou shalt go; be no farther!" People of this class have kept the city from her place among the cities of the state in progress and importance, and it is time there was a change in this respect, and the change was sure to come if his efforterectived the direct support of all progressive citizens, men who were not afraid to stand up and be counted as men of progress in public affairs.

Attorneys John C. Geary and Richard P. Freeman made speeches of direct interest to Elkdom and eschewed reference to matters of interest to the elty as a whole and impressed upon their brethren that the better the Elk the better the citizen. A feature of Mr. Fræeman's speech was the presentation of a life membership card to Manuel R. Joseph in behalf of the brethren of the lodge. Mr. Joseph in accepting the honor mode a speech that went direct home to every Elk as he impressed upon them the importance of living strictly to the tenet of the order. He spoke at length and cortance of living strictly to the tenet of the order. He spoke at length and con-vinced his hearers that even a con-ductor on the rumbling trains of the New York, New Haven and Hartforc railroad could get right up in publi-and make a speech that would com-pare favorably with the best of 'em.

Among other things Mr. Joseph referred to the honor conferred upon him by seating him to the right of the mayor at the banquet table, and said he went to school with Bryan F. Mahan, fought with him, played with him and set up tempins with him, and had watched his progress from childhood. He was proud of the mayor and his work, past and prospective, and compared himself as little better than a shack, but cartent with his position in life, especially when he compared it with the section men he passed by the side of the tracks in his daily runs. Mr. Joseph said he was glad to see B. F. Mahan mayor of New London and senator from this district in the state legislature and declared it was only merited reward well won and all through his persistent and progressive

through his persistent and progressive personality.

Three of the slated speakers were obliged to be absent and sent regrets. They were Rev. T. M. Crowley, pastor of St. Mary's church, Mayor "Tom" Reilley of Meriden and William V. Davitt of New Haven. Their absence was unavoldable but disappointing. However, it gave more time to the speakers present and they kept up the talkfest until an hour, after midnight. The banquet was a success from the start and the result will be strengthening to the members in the principles of the order and give the guests a better conception of the Benevolent and Protestive Order of Elks.
